Next Meeting

The next club meeting will be held on May 25 at 7:15 p.m. at the Redwood Multi Purpose Center. It will be a bourse meeting (buy, sell, trade, and breeze shoot). See you there!

Token Hunter Notes

The editor sincerely apologizes for any difficulty caused by the content of last month's Token Hunter. One thing that will really help in this regard is if contributors will meet the publication deadlines, which are: items for publication must reach the Editor or Bob Campbell's Coin Shop on the Tuesday of the week before the meeting. I will have to start enforcing this in the future. I am still looking for some good material to be submitted by club members.

You will find with this newsletter a copy of the club by-laws. Its good, every once in a while, to read through these and better understand what the club is all about. I have been asked by a club member or two to emphasize the Article on courtesy when hunting. I think we need to use common sense in addition to what the by-law says. This is especially true where people are screening and detecting in the same area. Give the screeners a break.

You will also find with this newsletter a copy of sheet detailing the medal mintages for UNS medals. I was asked by two club members to include this. Maybe a similar thing should be prepared for NUTS medals.

FROM THE V. P.

DEAR NUTS:

Boy, what a turnout for the Fish Springs trip. We had good participation by the club members. I know that Joyce and I really enjoyed ourselves. The gnats were a bit pesky at times, but as long as a breeze was blowing they left us alone. Amy, Michelle, and Bill Moulton seemed to enjoy the three wheeler ride. Bryan even tried his hand at riding it. I believe Bill Turpela and Larry James had the most luck on finds. Maybe because they work at it so hard. Nice detecting you two.

The May meeting will be a bourse night for trading, buying, or just looking at each others collections of tokens, medals, coins, or whatever you have. I have a conference to go to so I won't be able to make the meeting. Bill Turpela will be conducting.

The Token Show is next month and lots of help and participation will guarantee a good show. Get your displays started now for the showcases. If you need any help for display ideas, now is the time to ask.

I talked to Harry last week and it looks like he is going to be conducting tours here in the state. He probably won't be able to get back to the club meetings until October or November.

April's guest speaker, John Skinner, had everyone asking questions. He had some fantastic slides on the Oquirrh Mountain mining towns and miners. I'm sorry we didn't have time for him to show all of them to us. We will have him back as soon as his schedule allows. Thanks for your time, John.

SEE YOU AT THE MEETING.

Byron

Bill's Bull

Wow, here it is the end of May and time to go on a club outing to Frisco. Where have the first five months of this year gone?

We had a good turn out on our club's first outing of the year. Not sure just how many. Maybe one of our wagon masters will report on it. I know of a few of the finds that were made: a seated half dime, 3 V nickels, a wheat penny, an Indian penny, and a token out of Milford.

It is getting close to our annual coin/token show, which is one day from our meeting this month. We'll be needing some help the Friday before in setting up the tables. If you have an extra minute that evening, we could use your help. Also, we need people to work at the hospitality table. I will have a sign-up sheet at the meeting for this little job. Its a fun way to meet people, so please help your club and donate a little time.

Better sign off now, I've got a lot to do to get ready for the club outing and what little I have to do for the show. Happy detecting!

Bill

P.S. Remember that Frisco will be a big outing with both the NUTS and ITHA there. Should be lots of finds and lots of family fun.

Coin/Token Show Notes

Attention: The Coin and Token Show is almost here!! Get ready to help out by helping with setup, take down, hospitality table, etc. Get a display ready for the exhibit area, too. There will be nice trophies. There is no application in this Token Hunter, but there will be some at the meeting. If you need one, but can't come to the meeting, call Norm Johnson or Bob Campbell. Let's have some treasure hunters display their finds! We also need all club members to help with publicity, so that we have a heavily attended show. There will be more show information at the meeting. See you there.

Bob

SALT LAKE COIN and TOKEN SHOW

Hours:

SATURDAY 10:00 A.M. to 7:00 P.M.

SUNDAY 10:00 A.M. to 5:00 P.M.

Memorial Day Trip to FRISCO

Memorial day is the time of our regular spring trip to scenic southern Utah and the desert of Beaver County (Sat-Mon, May 27-29). This has become a club tradition as we seem to find more tokens and treasure in the old ghost town of **Frisco** than any other area we have dug in. We will be leaving at **8:45 Saturday** from the parking lot of the Redwood Multipurpose Center (3100 So. Redwood Rd.), and should arrive in the ghost town 15 miles to the west of Milford about 5 hours later. **IMPORTANT:** this will be the first and only outing this year where the **club** will provide goodies for a **chuckwagon dinner**, which will be held Saturday night. See below for details.

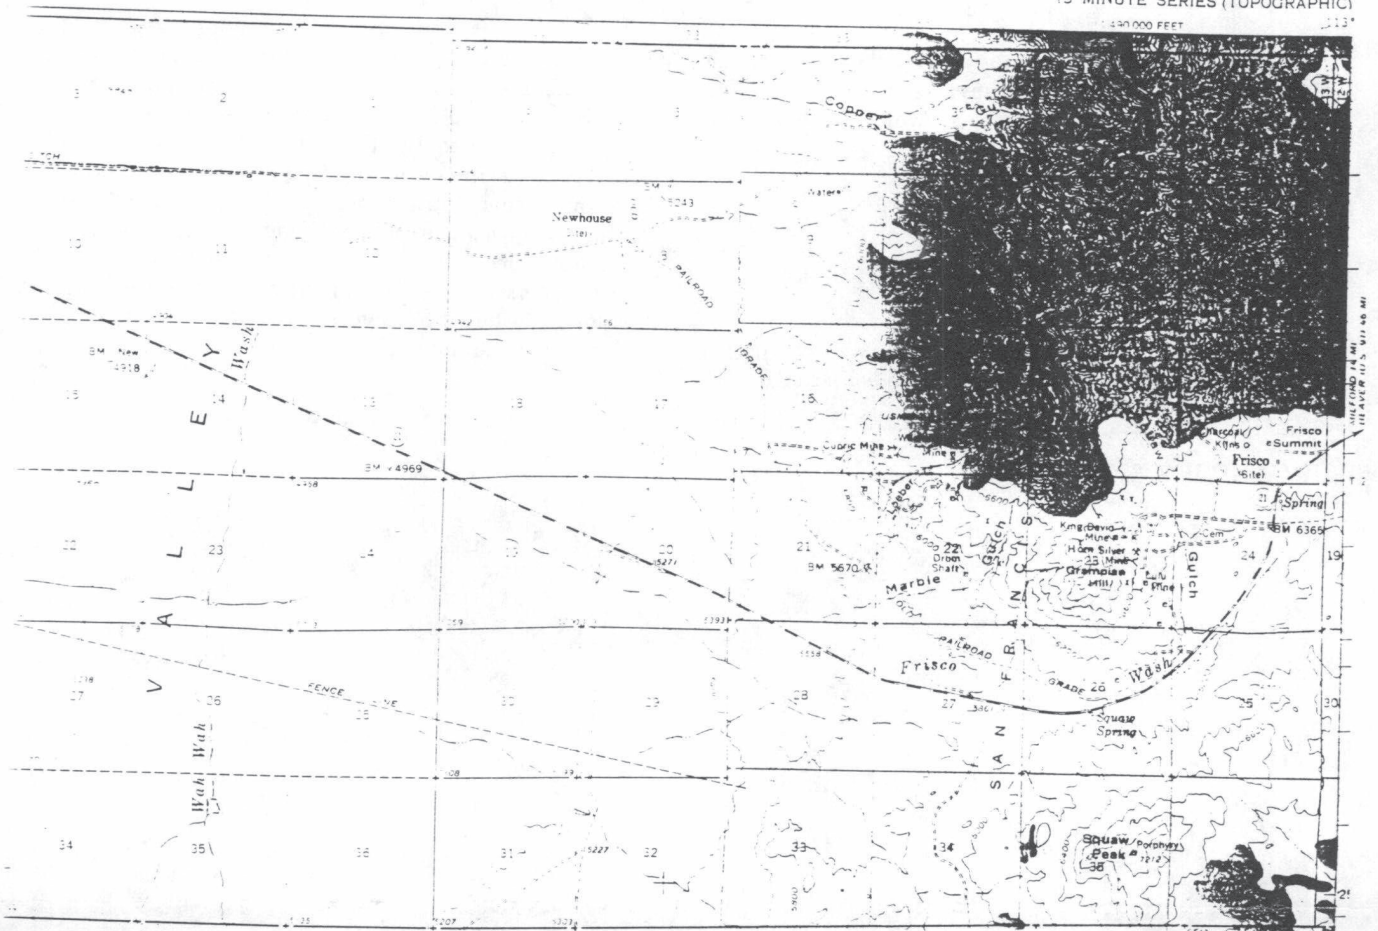

Special Chuckwagon Dinner

Due to the generosity of the N.U.T.S. Club treasury, we are having a special chuckwagon dinner at Frisco on **Saturday, May 27, at 8:45 p.m.** located wherever the club has been able to find a camping place. The club will provide the soft drinks (and some suds if there is any demand), and some type of main course, such as a heaping pot full of chili and/or some good meat to fry over the fire. As the club can not afford everything, this is also going to be a pot luck dinner. We want everyone to bring one item that they can share with the rest of the families, such as hot dogs, dessert, green punch, etc. We will need someone to supply a large pot and some cooking utensils. **IMPORTANT:** if you plan to attend, call Bob Campbell at All About Coins (467-8636) to let us know that you will be attending and what you will be bringing, so we will know how much food to get, and so we will not have 20 people with leftover green punch. We will have more details at the club meeting.

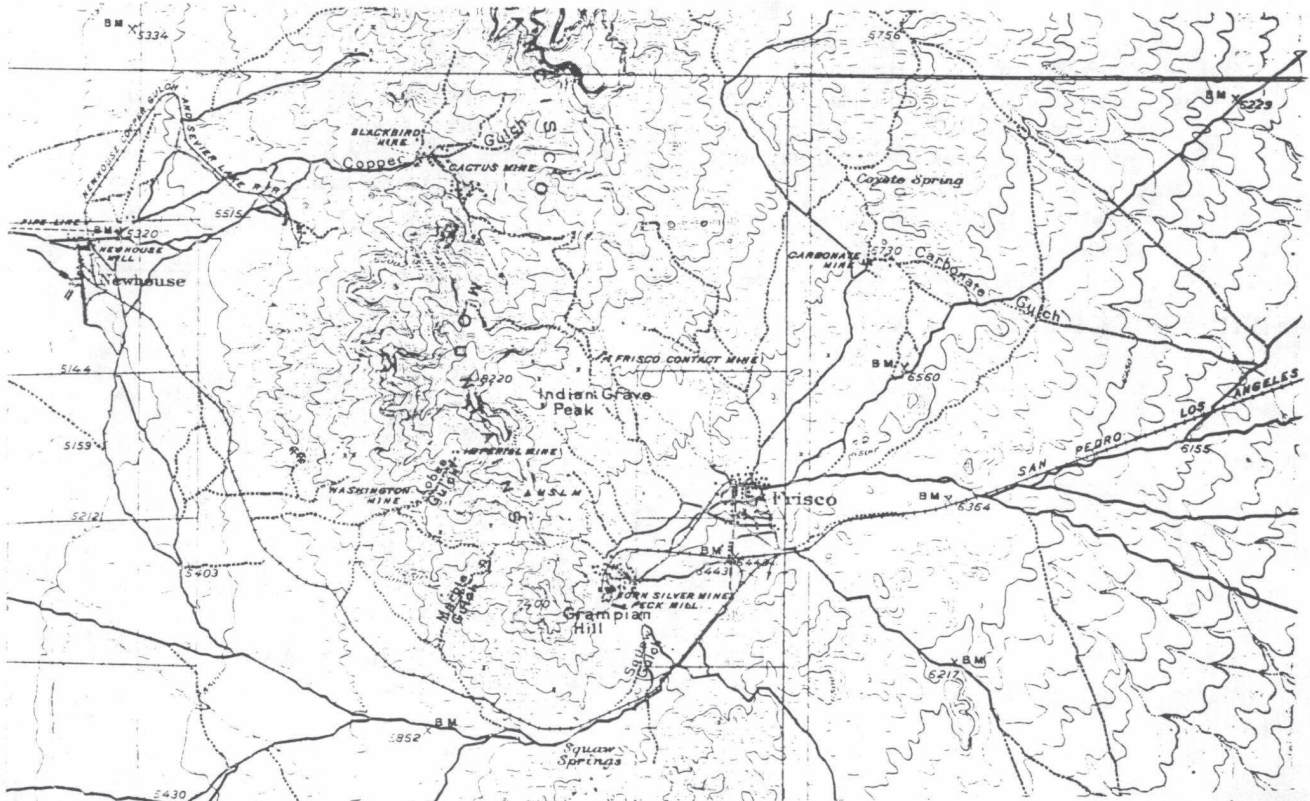

Frisco, Utah

Frisco is one of the best known and important mining camps in Utah. The discovery of the Horn Silver mine on Sept 27, 1875 was one of the main factors in opening up southern Utah to settlement, as it resulted in the railroad being extended south from Utah county to Milford and Frisco. The town was a one mine camp, but it was a fabulously rich mine, paying \$5,250,000 in dividends in the first ten years. It was also one of the wildest towns in the state of Utah. It is reported that Sheriff Pearson, the fastest gun in southern Utah, killed as many as 6 men in just one night, and was so busy that the town had to hire a man to make the rounds of the saloons in the mornings to haul away the dead men. Two men shot each other over fifty cents in a Faro game. A man from Colorado made the mistake of publicly insulting the men of Frisco. Despite the fact that his killing was witnessed by a large crowd, the inquest was unable to find one person who knew who done the dirty deed. The town grew to over 4,000 people and boomed for ten years. Water cost five cents a bucket and eventually went up to twenty cents. There were twenty five saloons and several opium dens, as well as the usual houses of both good and ill repute. The mine produced until, on February 17, 1885, when a chunk of rock over 700 feet thick broke off from above and fell down between the walls of the mine to the 800 foot level. The mine and the town never really recovered from the cave-in and just limped along until the 1930s, when the Horn Silver mine finally closed. By 1960 the town had been abandoned and was well on its way back to desert, with the buildings at the Horn Silver mine (2 miles west of town) being the only ones to still survive.

REVERSE DIE LISTING

This listing covers the various reverse dies used on the "Brunswick" tokens. The dies have been assigned to five categories designated by letter(s) which refer to the issuing firm:

- B Brunswick & Company
- EB E. Brunswick Billiard Table Co.
- BB J.M. Brunswick & Balke Co.
- C H.W. Collender Co.
- BBC Brunswick Balke Collender Co.

Within each of these major categories, we have further segregated the dies by type, based on substantial differences in the dies, with a further breakdown by variety to indicate minor, but readily apparent, differences.

Thus, B-1, B-2 and B-3 are used to designate the three known types issued by Brunswick & Company, while B-2a, b, c, etc. indicate varieties of the B-2 token. We have found that some types, particularly in the BBC category, have a large number of varieties; consequently, we have not attempted to catalog those varieties where the variations are of little significance and not readily apparent. We have, however, made note of the number of variations found in particular varieties in most instances.

BRUNSWICK & CO.

B-1

B-2a

B-2b

B-2c

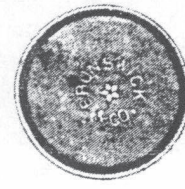

B-2d

B-2e

B-2f

B-3

- B-1 BRUNSWICK & COMPANY *CHECK* around circle of dots, eagle within.
- B-2 BRUNSWICK & COMPANY CHICAGO around circle of dots, CHECK in center, ornament above & below. Six varieties:
 - 2a Five point star before and after CHICAGO, *- above & below CHECK.
 - 2b Quite similar to B-2a except for orientation of stars above & below CHECK.
 - 2c Stars before & after CHICAGO are small and six pointed.

- 2d Small five point stars above and below CHECK, dots before and after CHICAGO.
- 2c Dots above & below CHECK. Periods after COMPANY and CHICAGO.
- 2f Dots above and below CHECK, small six point stars before & after CHICAGO, comma after Company, period after CHICAGO.
- B-3 Small BRUNSWICK & CO. around star in center, border of denticles.

E. BRUNSWICK BILLIARD TABLE CO.

- BB-2 THE/J.M. BRUNSWICK & BALKE/CO./ MONARCH/CUSHION/NEW YORK incuse, border of denticles.
- BB-3 Company name around CHECK (ornate "C") in circle of dots.
- BB-4 Company name and "CHECK" around "Liberty" head facing left in circle of dots.
- BB-5 Company name and "CHECK" around billiard table.
- BB-6 The company name and "CHECK" around billiard table within circle of dots. Five varieties:
- 6a No ornaments before and after "CHECK".
 - 6b Rosettes before and after "CHECK". Two variations — different orientation of rosettes.
 - 6c Small cross shaped ornaments before & after "CHECK", ground under table, balls on table.
 - 6d Small stars before and after "CHECK", plank

floor under table has perpendicular joints, balls on table.

- 6e Similar to 6d, flooring has angled joints, balls on table larger and in different positions.

- BB-7 Company name in four curved lines above pool table with 3 balls & cue. Two varieties:

- 7a "AND" in center.
- 7b "AND" to right edge.

- BB-8 THE J.M. BRUNSWICK/&BALKE COs over table with cue & three balls. Two varieties:
- 8a No CHECK under table, flooring may or may not show.

Three variations:

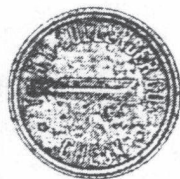

No cuds, may or may not show flooring under table.

Cud at 8 o'clock.

Cuds at 8 & 11 o'clock.

- 8b Floor & CHECK under table.

THE H.W. COLLENDER CO.

C-1

C-2

- C-1 THE H.W. COLLENDER COs. CHECK around billiard table.

- C-2 Similar to C-1 except circle of dots around table.

BBC-1 THE BRUNSWICK-BALKE/pool table in solid circle/COLLENDER CO.

BBC-2 THE BRUNSWICK BALKE COLLENDER COs. around billiard table in circle of beads, CHECK below table. Three varieties:

2a Small rayed star below CHECK, rosette between THE & COs.

2b Comma after BRUNSWICK and BALKE, small star between THE & COs.

2c Cross shaped ornament between THE & COs., flooring under table different from 2a & 2b.

BBC-3 THE BRUNSWICK BALKE/COLLENDER/COMPY./billiard table/CHECK. Three variations:

3a Balls on table, plank flooring, no period after CHECK.

3b No balls on table, dashed lines for flooring, period after CHECK.

3c No balls on table, plank flooring, no period after CHECK.

BBC-4 THE BRUNSWICK BALKE/COLLENDER/COMPY./crude billiard/CHECK. Two variations: COMPY. and COMP.

BBC-5 THE BRUNSWICK BALKE/COLLENDER/COMPY./pool table/CHECK. Most of these are 21 millimeter, 5¢ size, tokens; however the same design has been used on a few larger size tokens.

- BBC-6 THE BRUNSWICK BALKE/COLLENDER/COMPY/billiard table/CHECK. Five varieties:
6a Eight planks under table.
6b Nine short planks under table. Two variations — slight difference in spacing of planks.
6c Nine long planks under table.
6d Ten planks under table.
6e Eleven planks under table.
- BBC-7 THE BRUNSWICK BALKE/COLLENDER/COMPY/pool table/CHECK. Shading under table has scalloped edge. Three variations — slight differences in spacing of letters.
- BBC-8 THE BRUNSWICK BALKE/COLLENDER/COMPY/billiard table/CHECK. At least six varieties — slight differences in spacing of letters and cross-hatching under table. On one variety cross-hatching does not show, instead a mound shows under table
- BBC-9 THE/BRUNSWICK/BALKE/COLLENDER CO/pool table with cue & three balls. Two varieties:
9a Letters of THE are far apart, no period after CO.
9b Letters of THE close together, period after CO.
- BBC-10 THE BRUNSWICK BALKE/COLLENDER/COMPY./pool table with cue and three balls. Two varieties:
10a Dash (-) between BRUNSWICK BALKE, ornament between COLLENDER and COMPY, cross-hatching under table.
10b No dash between BRUNSWICK BALKE, no ornament between COLLENDER and COMPY, CHECK below table, parallel lines may not show below table.
- BBC-11 THE BRUNSWICK BALKE/COLLENDER/COMPY/pool table/CHECK. At least sixteen varieties due to slight differences in spacing of letters and parallel lines under table. Lines may appear as single narrow ridge or wide band of distinct lines, may be only under table or extend to border.
- BBC-12 THE BRUNSWICK BALKE/COLLENDER/COMPY/pool table/CHECK. Three balls grouped in upper left corner of table.
- BBC-13 THE BRUNSWICK-BALKE/COLLENDER/COMPY/ pool table/CHECK. COLLENDER COMPY in small letters.
- BBC-14 THE BRUNSWICK, BALKE./COLLENDER, /-*/COMPY./billiard table/ CHECK.
Parallel lines under table, die is square.

Notes: Some tokens had a border of denticles applied after striking. Tokens with die B-2d & BBC-11 are found with & without applied border; tokens with dies BB-5, C-1, & BBC-1 have been found only with the applied border.

GENERAL INFORMATION

The copy listed within parenthesis does not appear on the tokens. Dashes are used, along with the absence of some numbers and letters in the type column, to indicate such information was unknown to us at the time the lists were prepared. CR: Cross referenced.

Anyone having additional information, would favor us by sending it on to the authors: William E. Fowler, 2402 Pickwick Lane, Austin TX 78746; Richard G. Magnuson, Wallace, ID 83873; Paul F. White, P.O. Box 185, Fayville, MA 01745.
